Scott Hamilton  
Delta Global Logistics  
31 Bridge Street  
Almonte, Ontario  
K0A 1A0

Dear Scott,

Thank you for the excellent delivery service during the launch of the Town of Perth's Green Bin program in the fall of 2008.

I appreciated the way you and your staff conducted your operations on behalf of the municipality. Delta Global Logistics (DGL) did a great job of identifying contentious issues and addressing them professionally and completely. The delivery report you prepared at the end of each day was helpful to monitor progress during the one-week project.

The delivery data that you provided at the completion of the project was accurate and important to the success of the municipality's Green Bin program and formed a baseline for the municipal records in the future.

Please feel free to use me as a reference for any future business you may be involved in.

Thank you again and good luck to you and Delta Global Logistics.

Sincerely,

A handwritten signature in black ink that reads "G. Machan". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Grant Machan, C.E.T.  
Manager of Environmental Services  
The Corporation of the Town Of Perth
