Mr. Scott Hamilton
President
Delta Global Logistics
Almonte, Ontario
Canada

SUBJECT : Delta Global Logistics

To whom it may concern,

The purpose of this letter is to confirm that Delta Global Logistics and the City of Gatineau worked very closely together on a major transportation and distribution program for the City of Gatineau.

Delta Global Logistics successfully met all contract terms and conditions of the transportation and delivery contract that included inbound transportation management and door-to-door delivery to Gatineau homes.

Delta Global Logistics provided very good customer service and regular communication and data reports were crucial to our operations and inventory audits.

The main contacts for Delta Global Logistics demonstrated imagination and efficiency throughout the distribution period. They were fully engaged and committed at each step in the program. At no moment did they recoil from any difficulties or unforeseen situations and problems.

We are very proud to recommend Delta Global Logistics who were instrumental to the success of our special and very important municipal project.

Regards,

Richard Ranger
Coordinator
Recycling Program
City of Gatineau
